# 展望·蝶变 Looking Ahead

青浦已从上海西边一个平淡无奇的“小透明”，发展到产业、生态、民生发展高地。青浦区的“蝶变+逆袭”既有重大国家战略的落地加持，也是长久以来顺势而为、紧抓新型城镇化发展机遇的成果兑现。

如今，青浦正立足全球视野和战略思维，加强示范区与进博会、虹桥国际开放枢纽、新城建设的战略联动，强化枢纽门户功能，锚定“战略赋能区、数创新高地、幸福温暖家”的建设目标，全面扩大高水平开放、推进高质量发展、创造高品质生活，打造中国式现代化的生动实践。肩负时代新使命，面临各种机遇、各项挑战，青浦已做好再次“蝶变”的准备。

Qingpu has developed from “nowhere” on Shanghai’s western edge to a highland for industry, ecology, and community development. This “butterfly-like transformation and rise” of Qingpu has been fueled by the implementation of major national strategies, as well as by seizing opportunities presented by new urbanization.

Nowadays, with a global perspective and strategic mindset, Qingpu is enhancing strategic synergy between the Demonstration Zone, the China International Import Expo, the Hongqiao International Open Hub, and New City construction. It is strengthening its role as a hub portal, with the goal of becoming “a strategically empowered area, a new highland of digital innovation, and a happy and warm homeland.” By expanding high-level openness, promoting high-quality development, and creating a high-quality life, Qingpu is setting a vivid practice of Chinese modernization. Embracing the new mission of the times, and facing various opportunities and challenges, Qingpu is fully prepared for another “butterfly transformation.”
